News and Happenings

*"If you think good design is expensive, you should look at the cost of bad design."
--Dr. Ralf Speth, CEO, Jaguar*

June/July 2017

In this issue: Backsplash Options | Cabinet Maker | Appliance Trends

11 Backsplashes: Which Would You Choose?

We gathered 11 of our recent kitchens to show you the beautiful selection of tiles by our clients selected. Visit the Buzz tab on our website. Save images of projects that inspire you so when you're ready to remodel, you can provide your designer with insight into your style preferences so they can guide you through selections. You can do this in a physical file or save them online with Pinterest and Houzz.com.

Our Cabinet Maker: Why We Use Bremtown

We've worked with Bremtown Cabinetry for almost 10 years. Our reasons include ease and accuracy of ordering, design flexibility, quality construction, range of styles/finishes, custom colors, and support. To read more about our relationship with the Bremen, Indiana company, visit the Buzz tab on our website.

Appliance Trends

Designer Armin Bondoc (left) watches the chef remove a pizza from the GE Monogram indoor pizza oven. Learn more about the oven and other appliance trends - including handle-less ovens and a knock-to-open dishwasher--by visiting the Buzz tab on our website.

Roof Deck Project

In our last newsletter, we shared a roof deck that was under construction. We've installed the deck boards, siding, and windows and are nearing completion. Revisit the project to see how it's coming together. Buzz tab on our website.

On the Boards

Our designers are busy getting creative with new addition and kitchen projects. If you'd like to take a look at the virtual reality designs, e-mail nina@landisconstruction.com to ask for the links that will allow you to scroll and view the design from all angles. Our clients find it very helpful to visualize the "after" of their renovation.

Living room in a two-story condo. The kitchen is a few steps up.

Office with a view.

A kitchen renovation with an island that is open to the adjacent rooms.

View of the kitchen looking outward. We will open it to the adjacent dining and living rooms.
