

Whole House Renovation in Potomac

Visit our website portfolio to view this major home renovation in Potomac that has a large kitchen adjacent to a screened porch and flagstone patio. The owners had lived in this house for over 25 years and decided they wanted both an interior and exterior remodel for their next 25 years! The **portfolio page** includes a link that let's you walk through the house from the front entry to the master bath and back patio and all the spaces in between.

9 Selection Tips from a Design Insider

Selecting products for a home renovation can be overwhelming. In our design/build process, we help our clients manage selections and often send them to Ferguson's to see and touch plumbing, lighting, hardware and appliances and receive additional guidance. Aditi Ripley, our Ferguson Business Account Manager, offers **tips based on her own experience** choosing products for her new home. Visit the blog page on our website.

Design Board

We're finalizing the design of a three-story rear addition to this stately stone Tudor. The main level will have a new family room open to an expanded kitchen. On the upper level there will be a new master suite. We'll convert the existing garage into an exercise area and storage room, add a mudroom, and build a new two-car garage.

Ferguson's Convenient New Showroom in Friendship Heights

Our team attended the June grand opening of the showroom. The beautiful new space has a demonstration kitchen, outdoor entertaining products, and plenty of faucets, fixtures and lights on display. (It's located in the former Rosa Mexicana restaurant)
